

Mobile Dentists will be coming to Park View School on Thursday, March 18th. Mobile Dentists will bring its preventive dental care program on-site because we know how important good oral health is to our students' overall general health.

The Mobile Dentists team will set up a mini-dental office in our building and will provide *dental examinations, cleaning, fluoride treatments, sealants, and x-rays*. *In order to receive these services, please **complete and return permission forms**.*

Mobile Dentists *provides grants* to families who require full financial aid and *subsidizes fees* for those who need financial assistance. No child is ever turned away by Mobile Dentists' programs because of financial need.

Mobile Dentists meets every state's dental examination requirements, if mandated.

Enrolling your children to be seen by the Mobile Dentist's team is a wonderful opportunity to give them preventive dental care easily and conveniently right at school. Mobile Dentist's permission forms have been sent home with your child. If you want your child to see Mobile Dentists, please fill out the permission form completely and return it to the school.

You can learn more about the Mobile Dentists program by going to its website: www.mobiledentists.com and watching the short video that details its work.

Thank You,
Lisa Linke, RN
