

Recommended summer Reading for Fourth Grade

Studies have shown that summer readers lose less academically than those who don't read. Here is a list of recommended titles for the grade level your child is entering. While there is no requirement associated with this list, we do encourage your child to read. Bear in mind that reading and interest levels are varied and each book needs to be examined for appropriateness. If there is nothing on this list that interests your child try visiting the Public Library or go to one of the many area book stores.
